

Installation Guide: *Bungee Storage and Eyelets*

Tools Needed:

Electric Drill
3/16" Bit
Rivet Gun
Scissors
Pliers
Sharpie Pen

Eyelet Installation:

Place eyelet in desired location and mark both holes with the sharpie pen. Drill the holes with a 3/16" bit and attach with rivets.

Bungee Installation:

- A.) Install J Hooks in the desired locations using the same method as for eyelets.
- B.) Install Eyelets at all four corners of the bungee area.
- C.) Cut a clean cut with the scissors on the end of the bungee.
- D.) Slide the bungee hook collar over the end of the bungee.
- E.) Place the bungee hook on the end of the bungee and crimp the collar onto it.
- F.) Clip the bungee hook onto an eyelet on one of the corners and thread the bungee through the remaining J Hooks and eyelets.
- G.) Attach a bungee hook to the other end and clip to the last eyelet.
